I want to receive my pedigrees by: ☐ Mail ☐ E-mail

- 
- Owners: If the Female or Male have two owners, both parts full name must be written, and both must sign.
  - The owner who is registering the litter enters address.
  - Names of Parents: Parents full names prefix+name must be written.
  - Reg.no is the registration number of the parent.
  - For the kittens to be registered with a pedigree full information must be filled in.
  - For white kittens: Eye color must be stated in the EMS code.
  - ACTIVE: Yes = means the new owner has breeding rights // NO = means the kitten can't be used for breeding in MCU.
  - We can't guarantee that the cat will not be used for breeding in other associations. But MCU will only register kittens after a cat(registered in MCU) who is stated as Active for Breeding. If an application comes in with a parent that is Not Active for Breeding, the Breeder of that cat will be contacted, and has to sign the form.
  - In the options for how to receive the pedigrees, both boxes can be checked. If only one option is checked, it will only be received in the chosen form.
  - The form shall be sent to: [REGISTRYMCU@GMAIL.COM](mailto:REGISTRYMCU@GMAIL.COM)
  - *It takes from 1-3 weeks to receive the pedigrees.*

*If you have any questions that is not stated in this document, contact our pedigree recorder's: [REGISTRYMCU@GMAIL.COM](mailto:REGISTRYMCU@GMAIL.COM)*
